BANNER ADS

Badge (or Billboard) Ads

Call for quotes

Badges appear on the right of the screen and demand attention by their individual design and placement. Badges are geographically and categorically targeted. Whether desiring a national, statewide, metro, or city campaign, badges will provide a get-their-attention effect toward the target area of your choice!

Don't worry about CPC, CPM, or CPA pricing schedules—badges are price-friendly by monthly arrangements (3, 6, or 12 month agreements).

Location, category, and then date determine the hierarchical order of badges. I.e.: Among two companies that purchase the same advertisement level, the company that purchased first will receive the higher placement. Dimensions: 150 x 100 pixels (normal) and 150 x 200 (2x Badge). Max file size: 15kb. Animation accepted.
